

EUNICE Project

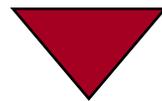

Mariano Tomatis
CPO Piemonte

Background

Manca di informazioni su
copertura e performance dello
screening nei vari paesi EU

Background

Mancanza di uniformità nella raccolta dei dati relativi allo screening nei vari paesi EU

Necessità di definire uno standard

Obiettivi

1. Definire uno standard a livello EU per valutare indicatori di screening in modo confrontabile

2. Coordinare una raccolta EU simile a quella dell'ONS in Italia

Standard

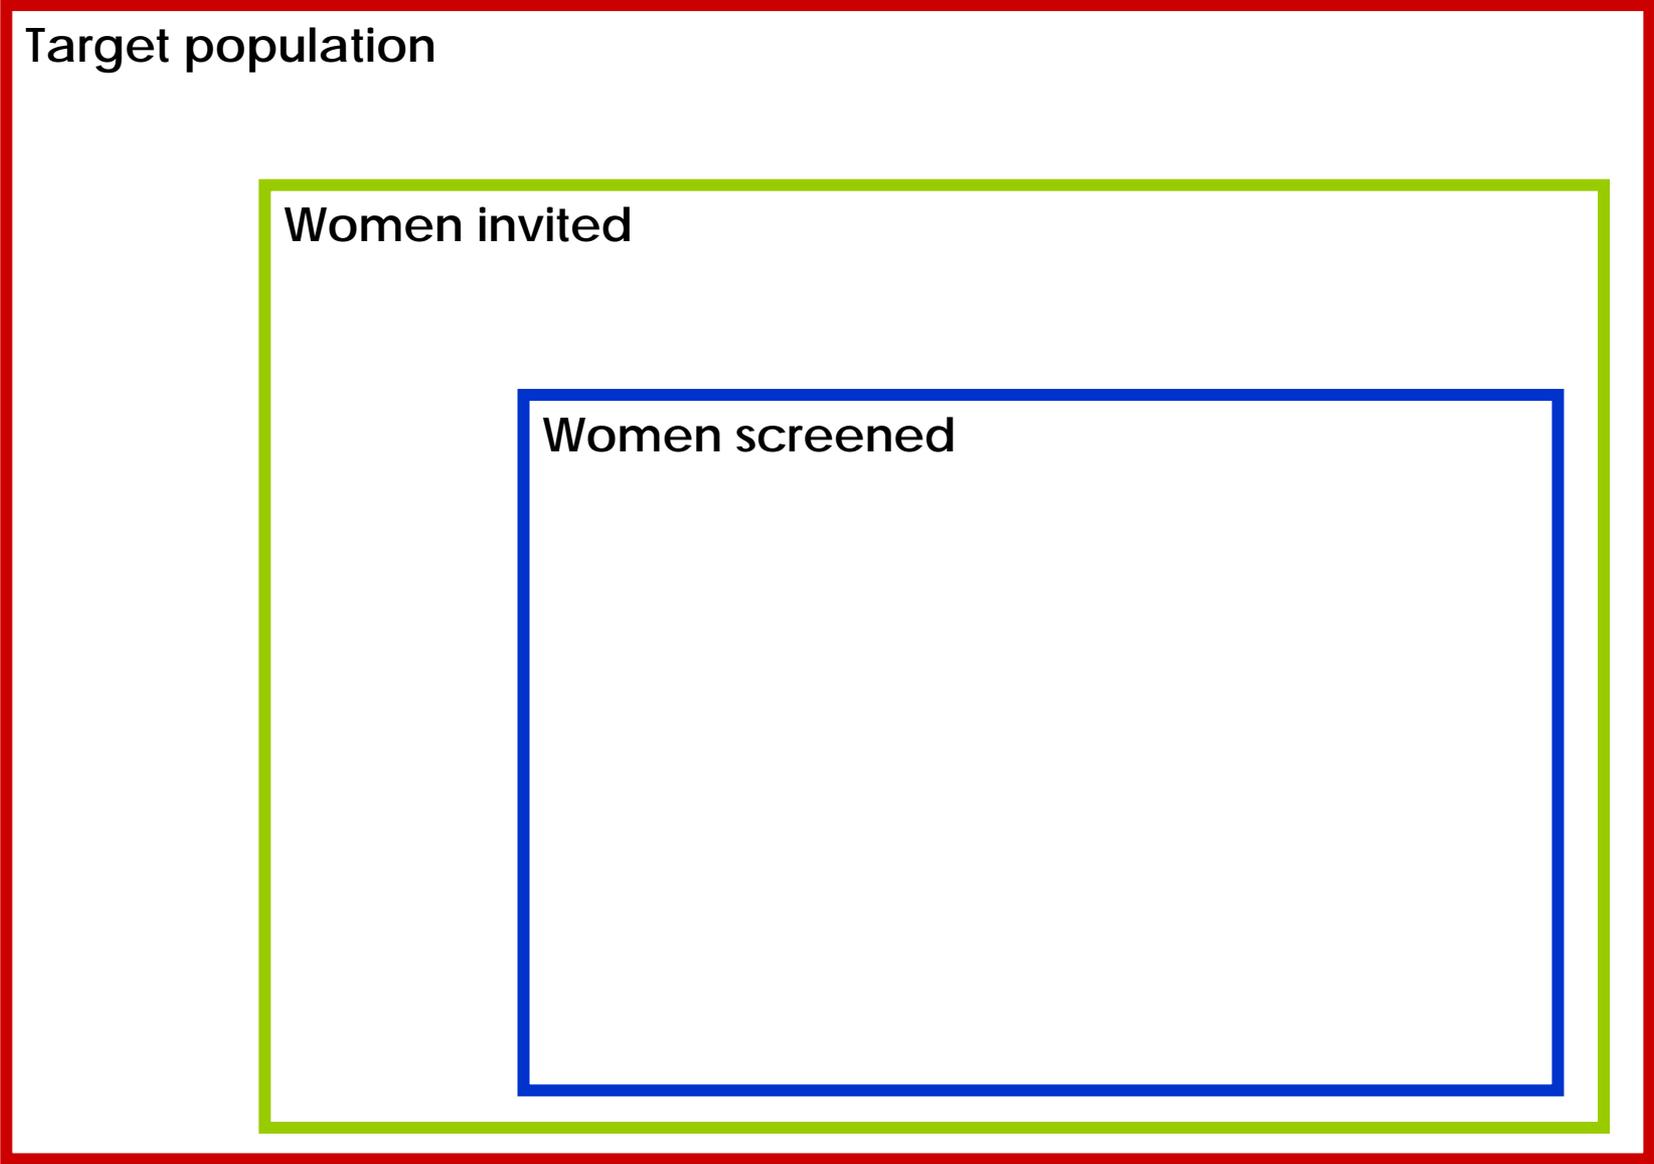

Definizione di una scheda standard in formato Excel analoga a quella italiana.

Section 1 - Annual coverage and participation

Target population

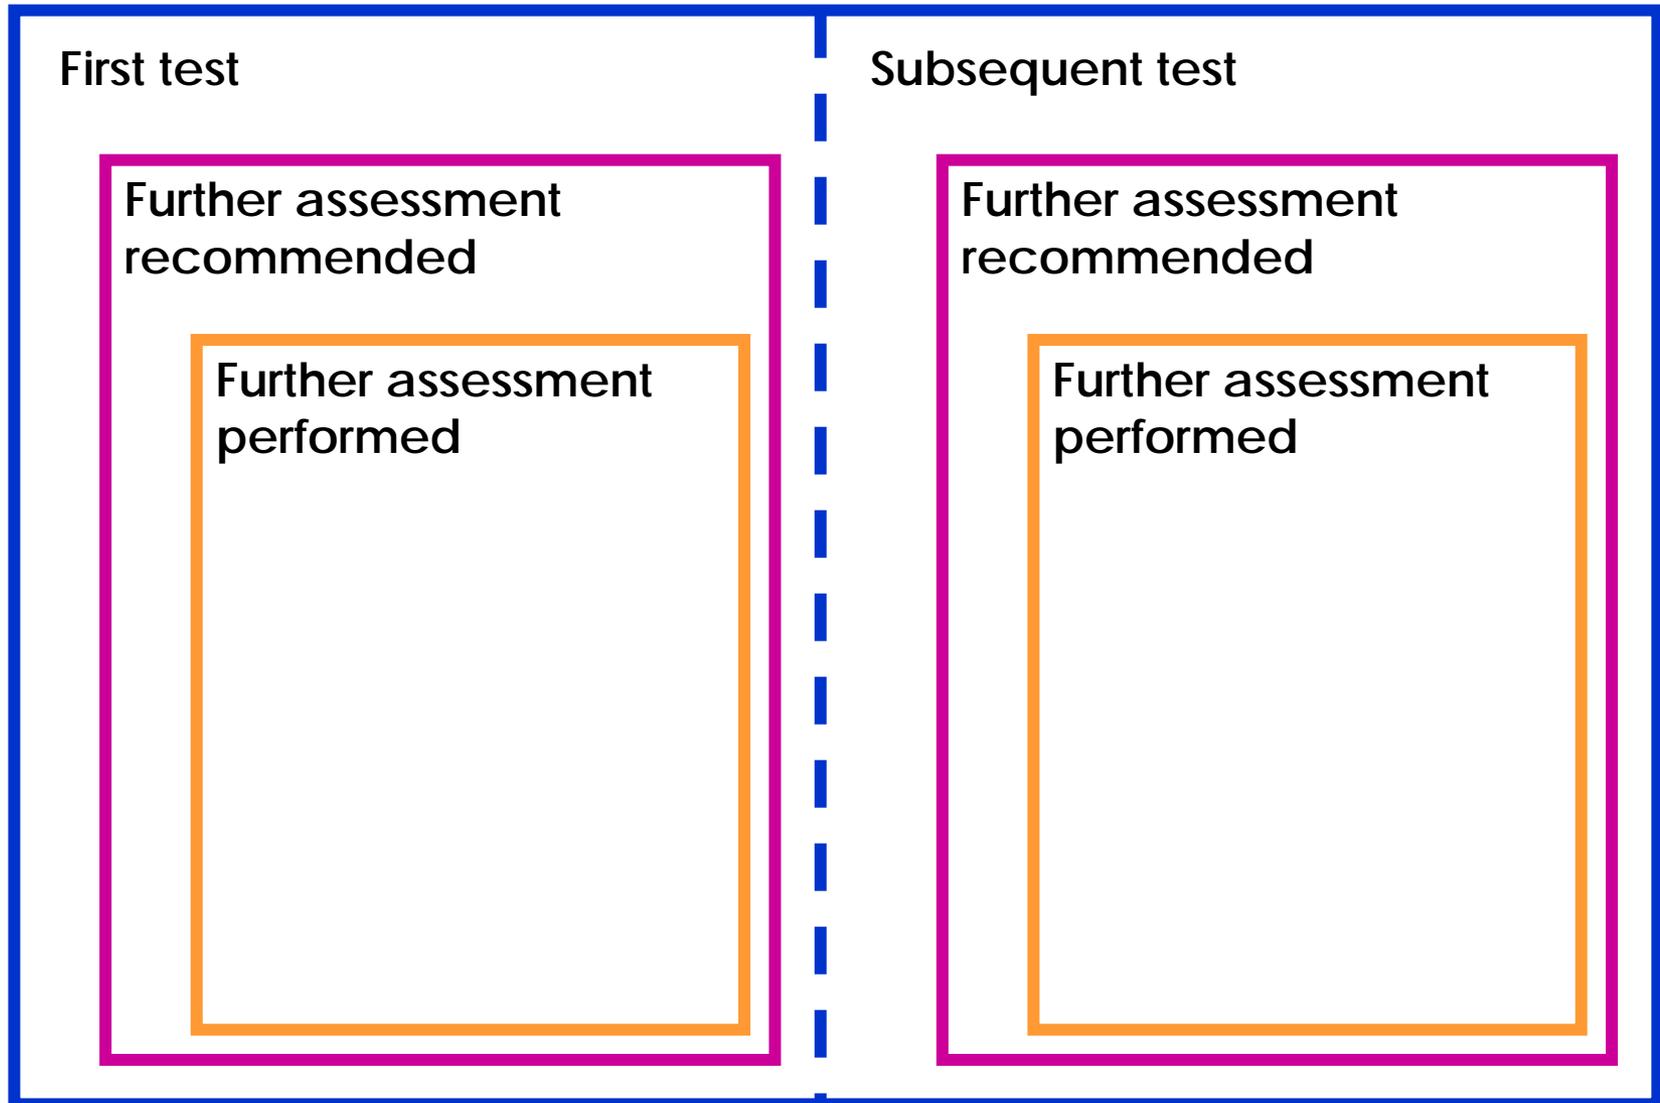

Women invited

Women screened

Section 2 – Further assessment

Women screened

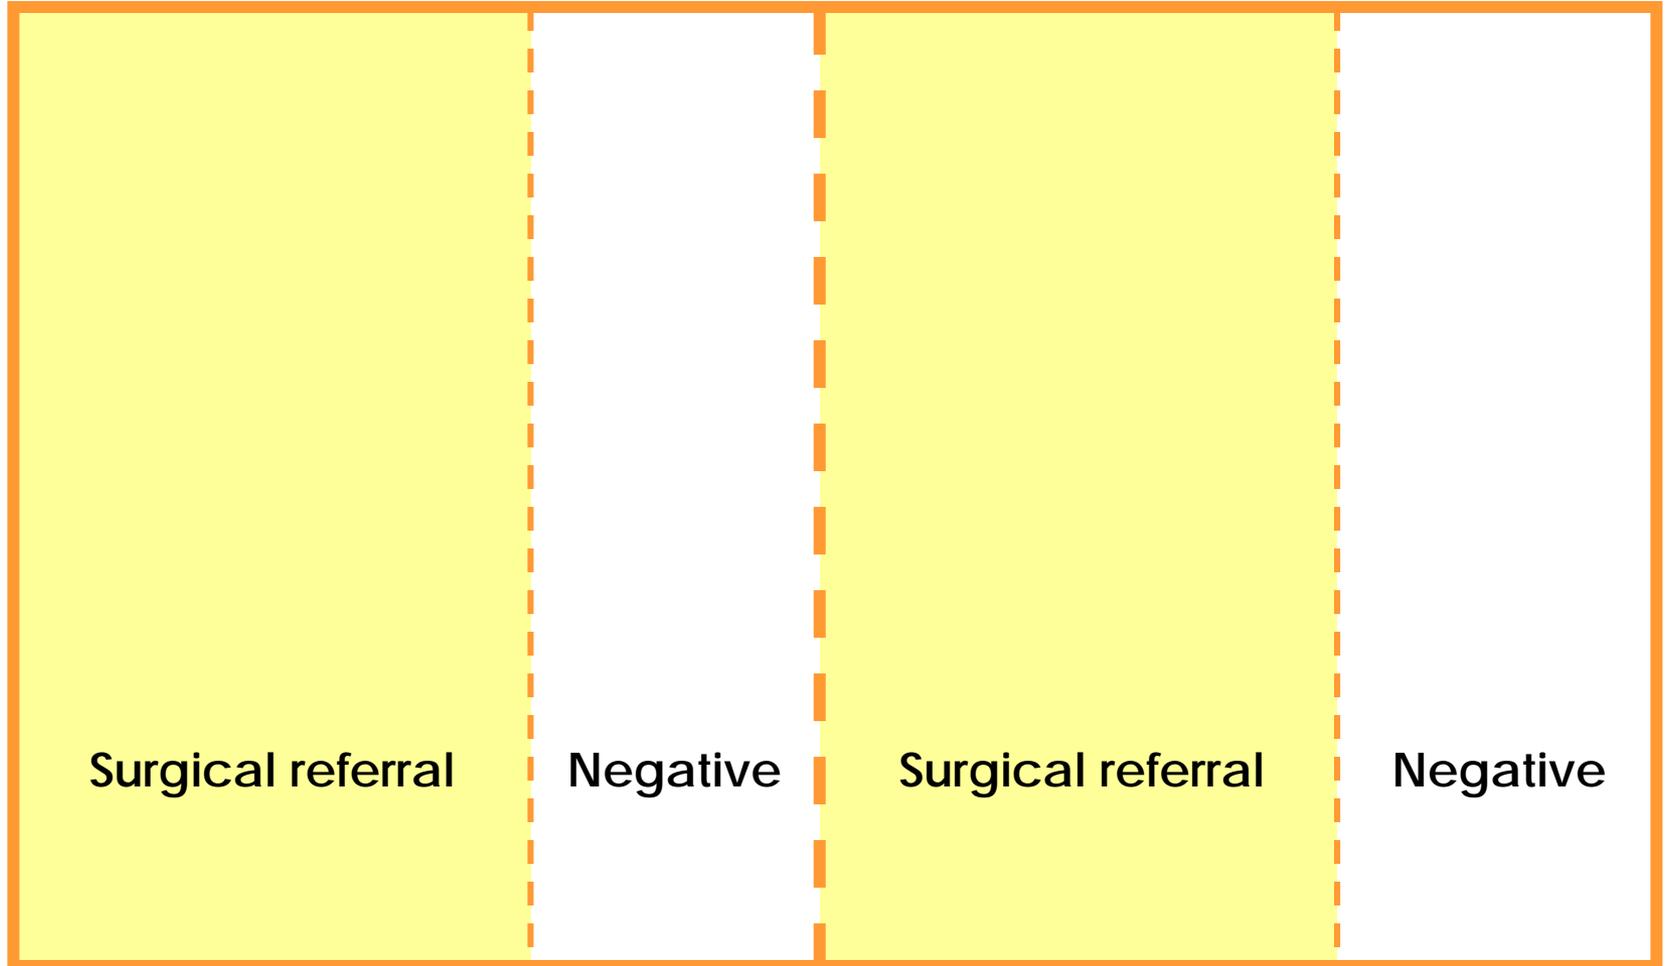

Section 3 – Outcome of further assessment

Further assessment performed

First screen

Subsequent screen

Section 4 – Outcome of surgical referral

Surgical referral

First screen

Subsequent screen

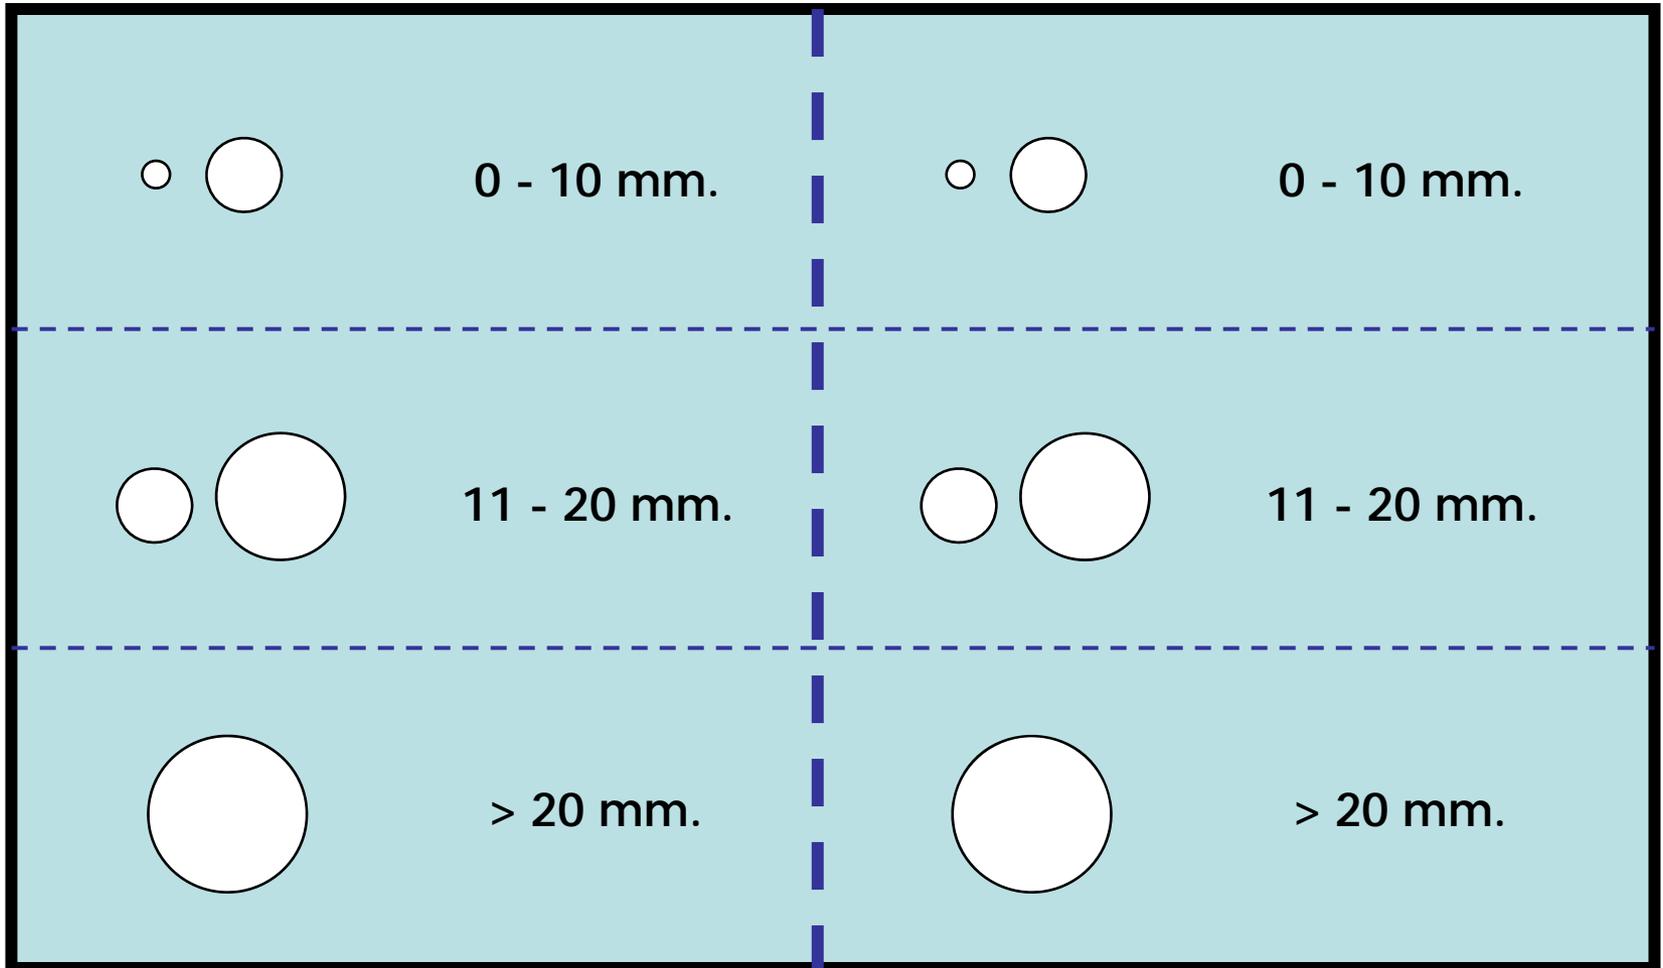

Benign	Benign
DCIS	DCIS
Invasive	Invasive
Inoperable	Inoperable
Refused surgery	Refused surgery

Section 5 – Size of screen detected cancers

Invasive cancers

First screen

Subsequent screen

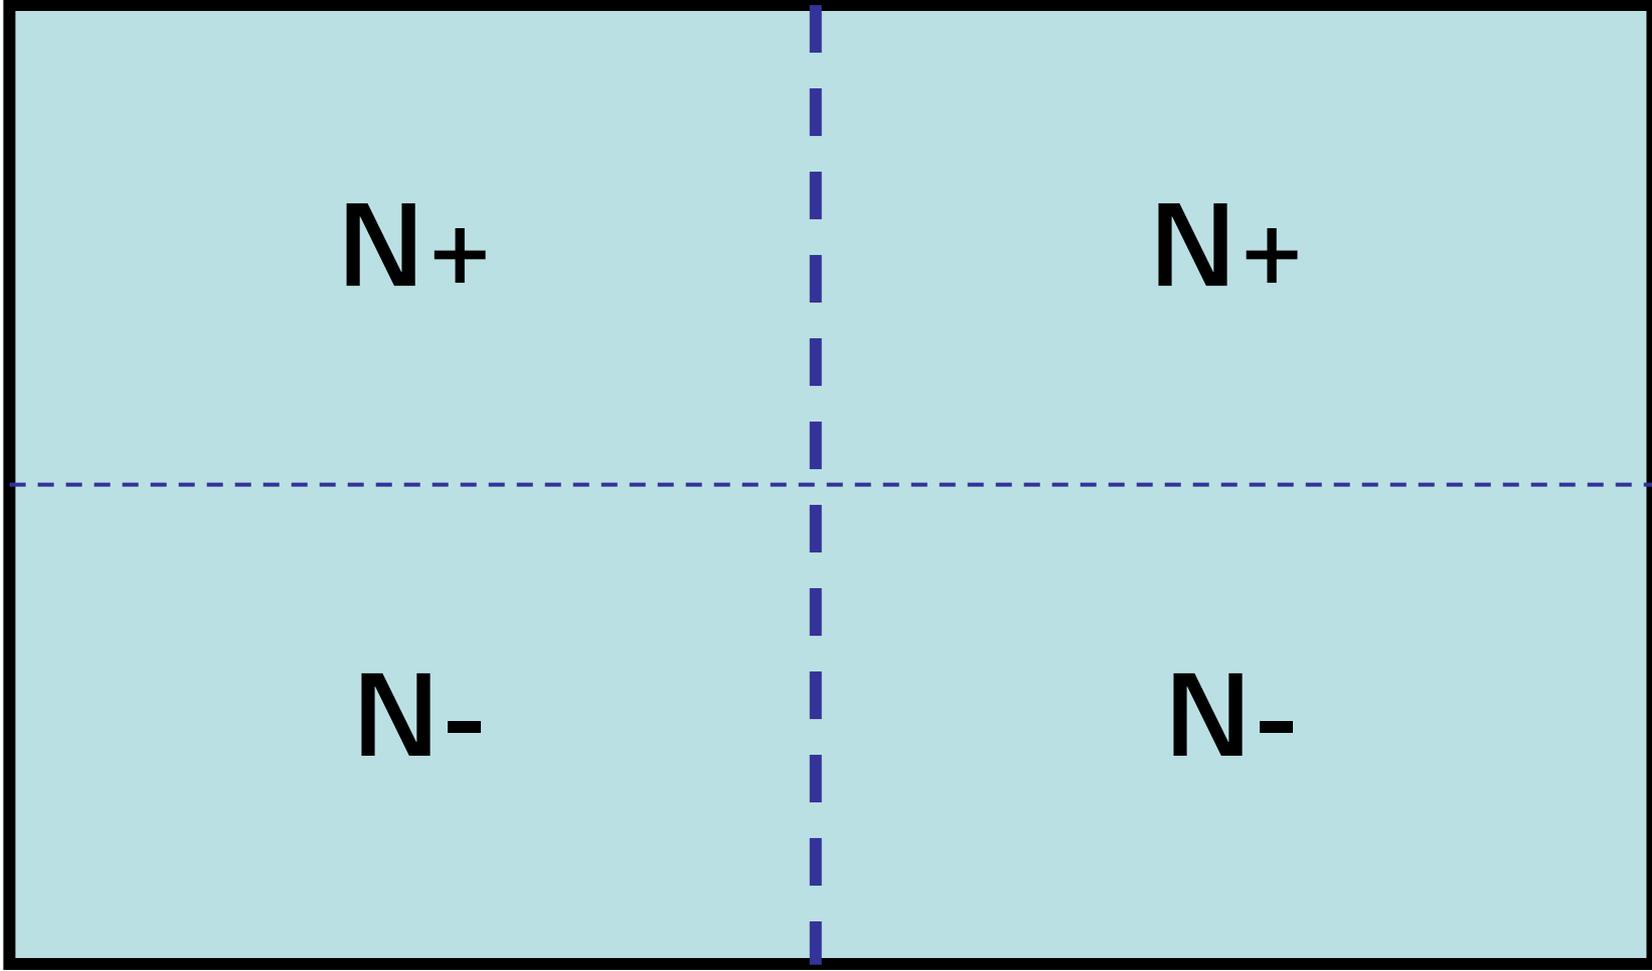

Section 6 – Nodal status of screen detected cancers

Invasive cancers

First screen

Subsequent screen

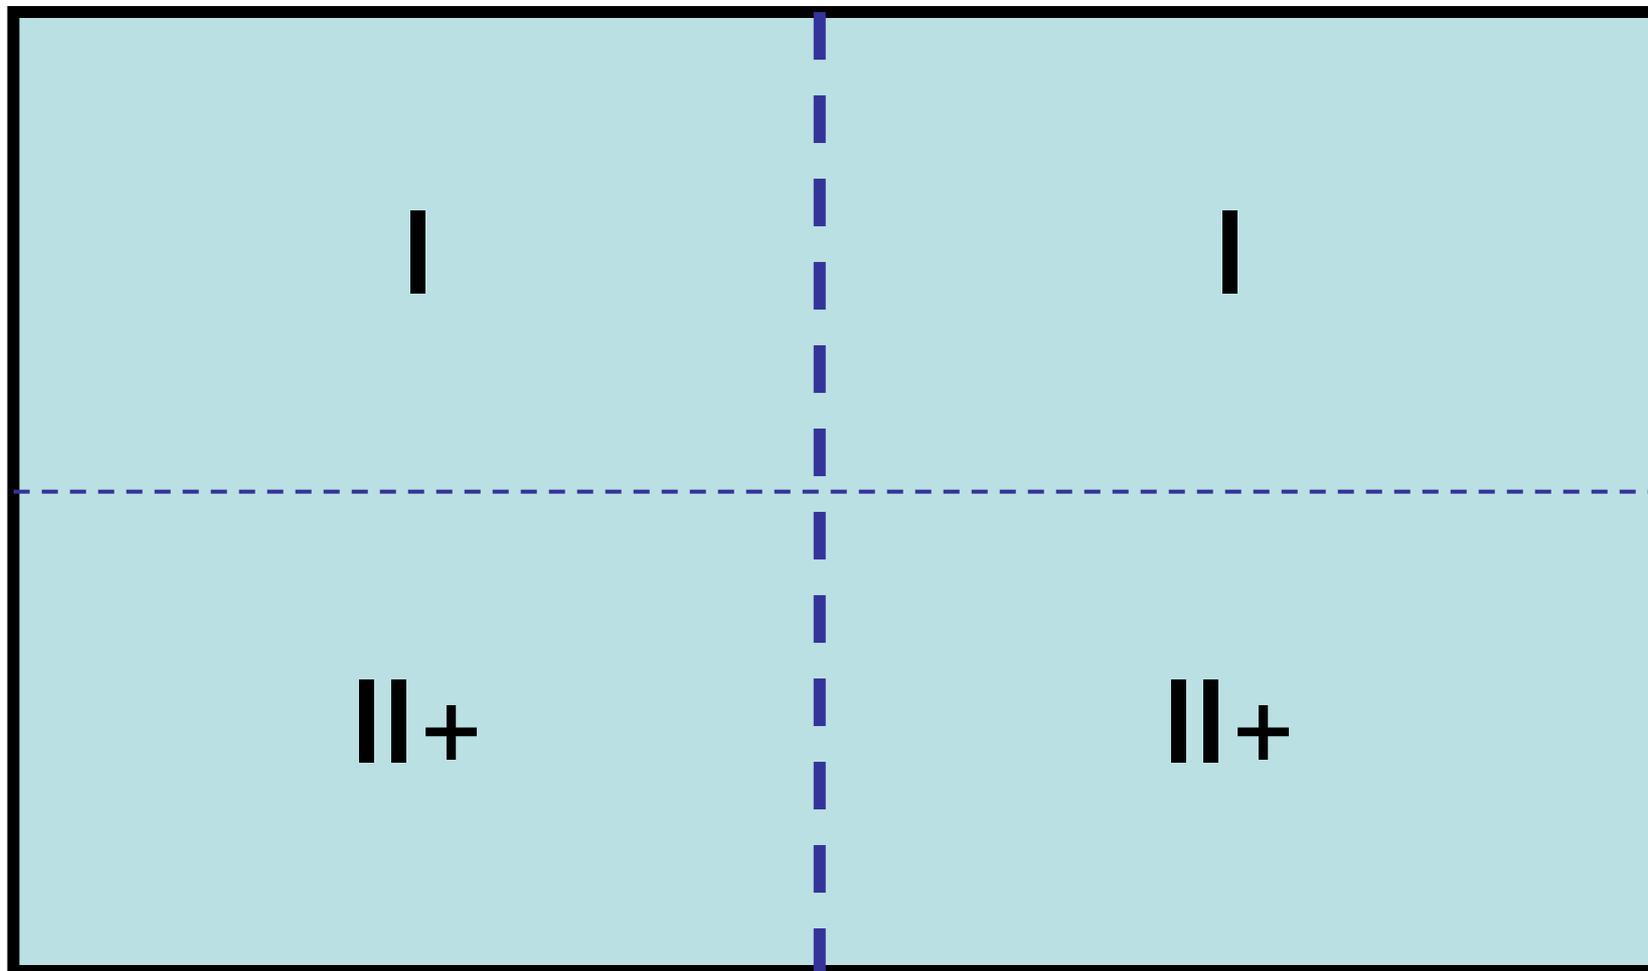

Section 7 – Stage of screen detected cancers

Invasive cancers

First screen

Subsequent screen

Section 8 – Type of surgery of SD cancers

Invasive cancers

First screen

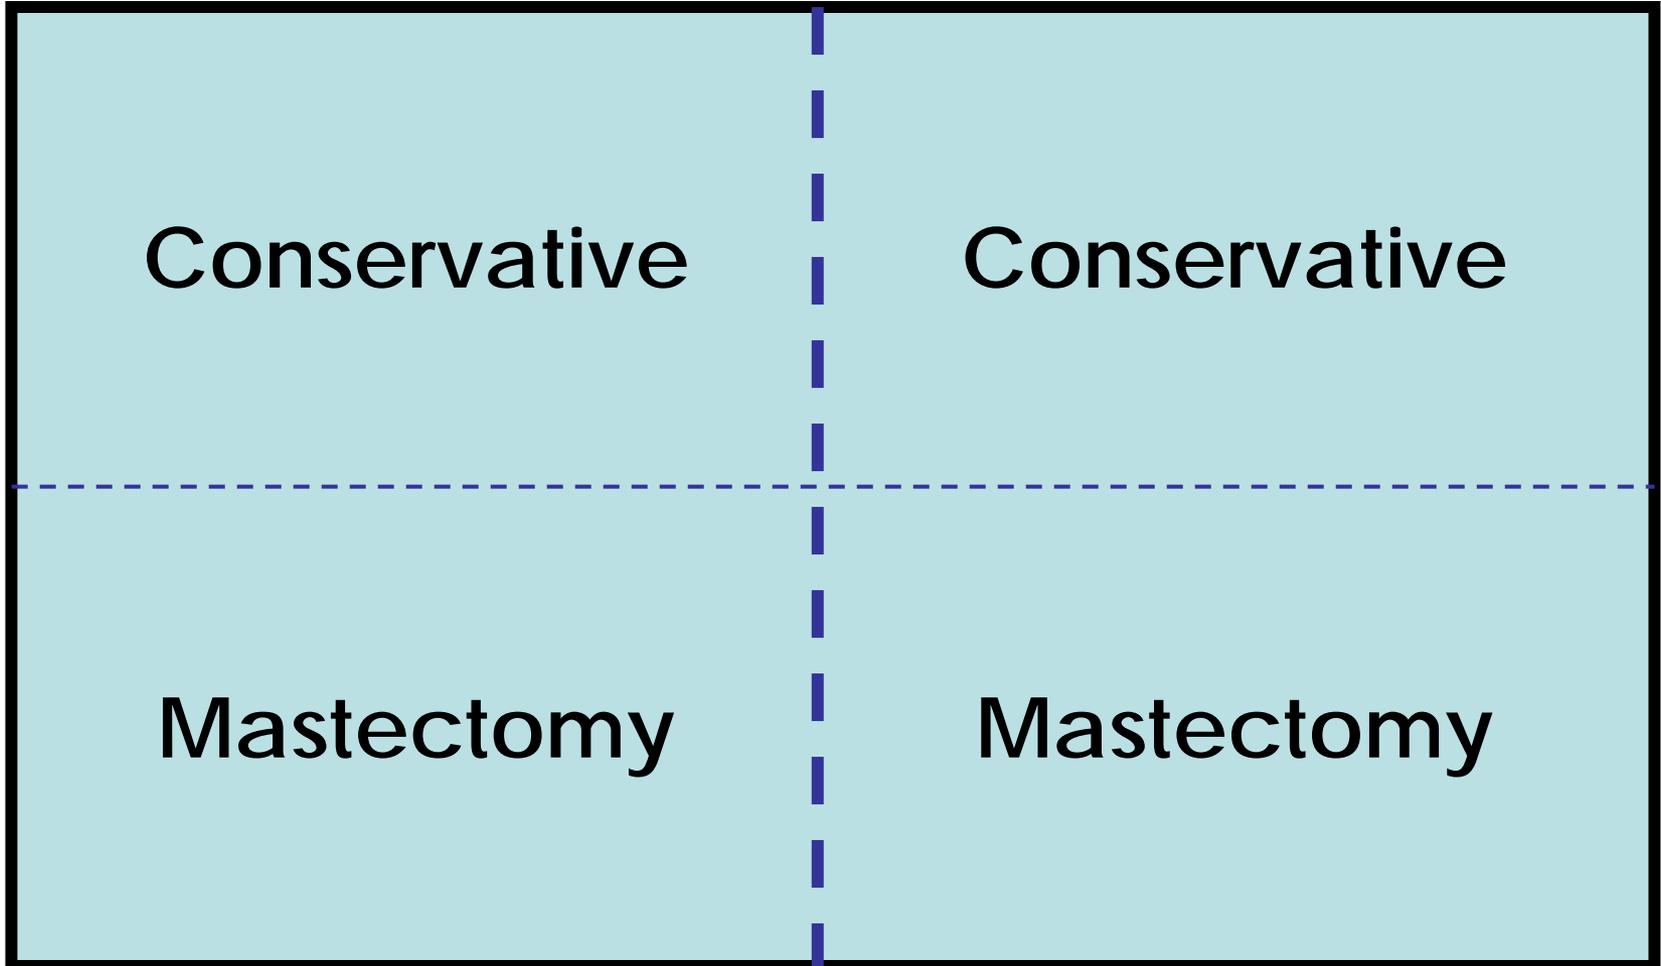

Subsequent screen

E' sufficiente cliccare sull'indicatore

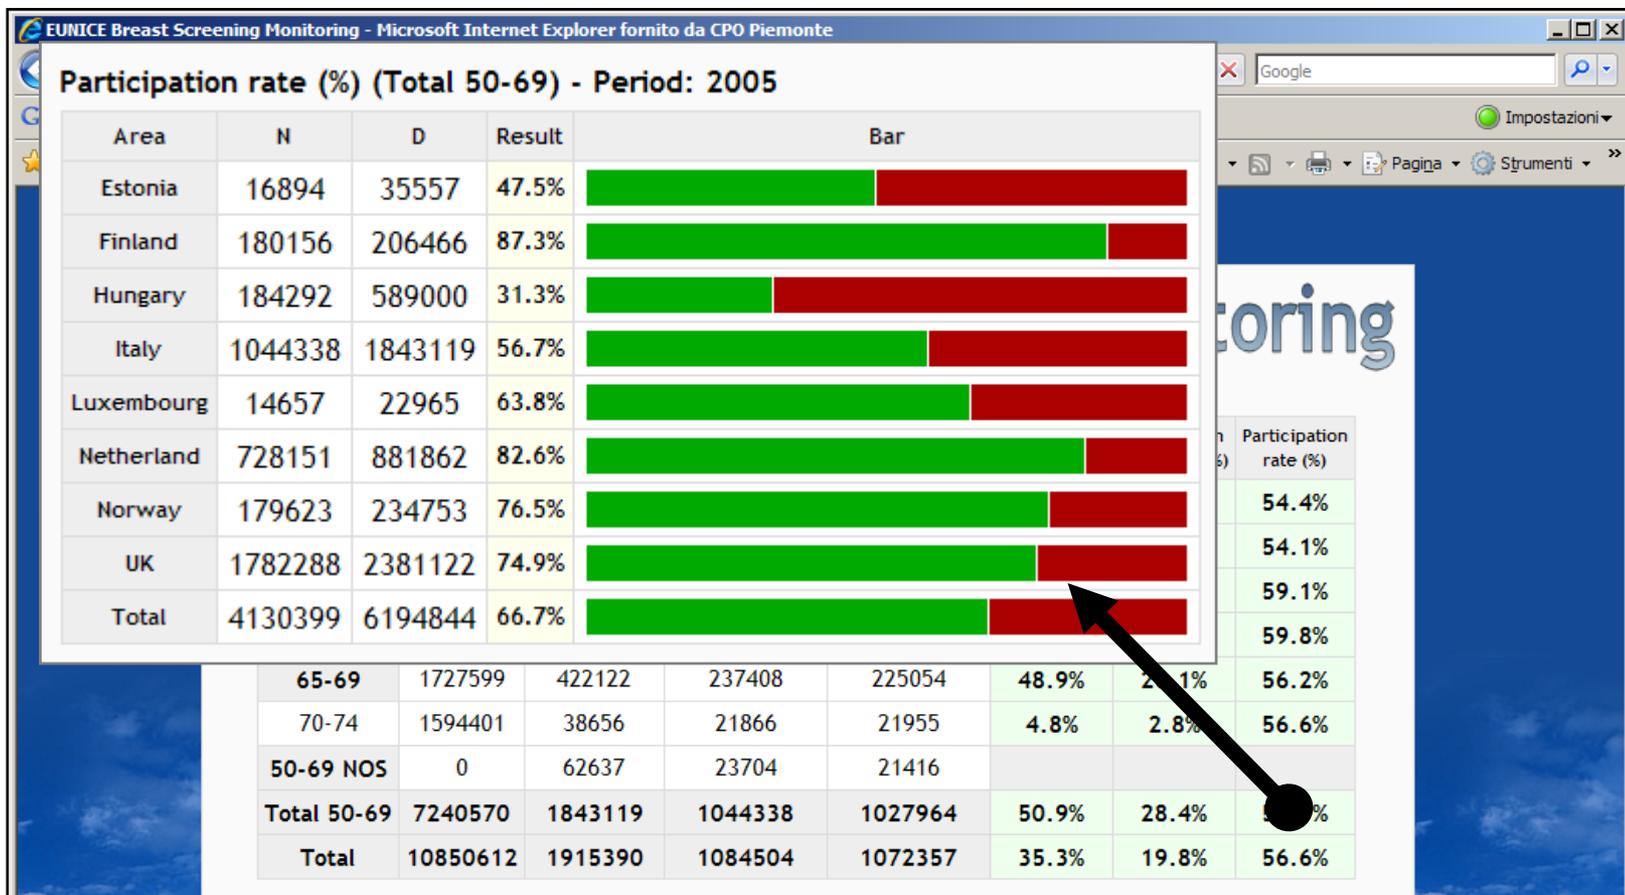

Coordinatore

Il coordinatore vede tutti i dati

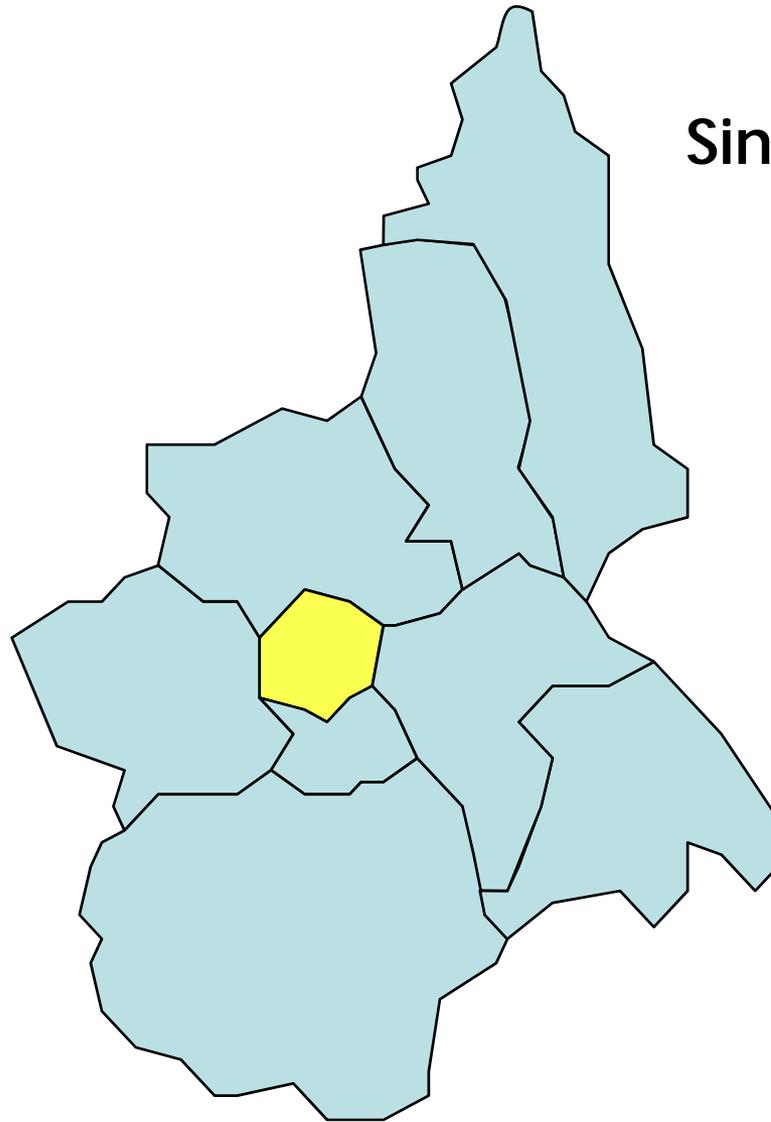

The screenshot shows a Microsoft Internet Explorer browser window displaying the EUNICE Breast Screening Monitoring website. The browser's address bar shows the URL <http://www.qtweb.it/eunice/datacollection/>. The website's main heading is "EUNICE Breast Screening Monitoring". Below the heading, there is a "Select a datasheet:" section. This section includes a globe icon, a dropdown menu currently showing "Czech Republic", and another dropdown menu showing "2005". A "Logout" button is also visible. A list of countries is displayed below the dropdowns, with "Italy" highlighted. The countries listed are: Czech Republic, Estonia, Finland, Hungary, Italy, Luxembourg, Netherland, Norway, Poland, and UK. The background of the website is a blue sky with white clouds over a green field. At the bottom of the page, there is a footer that reads "CPO Piemonte - Web Design: Mariano Tomatis - Last update: February 2nd, 2008". The browser's status bar at the bottom shows "Fine" and "Internet" with a 100% zoom level.

Proposta in Italia

Affiancare al DB tradizionale
il DB Web per un uso sperimentale
su base volontaria ai fini di un progetto
dimostrativo che consenta di:

- contribuire al perfezionamento del database europeo
- valutarne l'adozione in futuro.
